Chicago, July 13.—Griscom's long fast concluded at noon. In forty-five days he lost just 50 pounds, his weight to-day being 1474. Temperature 98, pulse 55. About 200 people were present to see him eat his first meal. The Rome says: Contrary to expectations, to see him eath his first meal. The Rome says: Contrary to expectations, to see him eath his first meal. The Rome says: Contrary to expectations, to see him eath his first meal. The Rome says: Contrary to expectations, and the second with a bill of fare second with a bill of A General Resume of Foreign and Domestic Transpirings.

A General Resume of Foreign and Domestic Transpirings.

The had procured everything his family suggested, not because he expected to eat it, but to satisfy his imagination, and have just what he might want. He thought he could eat a full meal without injury, but did not intend to do so. He believed there was great virtue in py this morning. He thinks the President's general condition is better than table was spread with a bill of fare selected by himself. Griscom states that he had procured everything his family suggested, not because he expected to eat it, but to satisfy his imagination, and have just what he might want. He thought he could eat a full meal without injury, but did not intend to do so. He believed there was great virtue in fasting, and he was going to fast longer than necessary in order to show that it was a good remedial agent. It had once eured him when physicians said he once eured him when physicians said he of the time and route to be taken from Rome with the body of Pope Pius IX from St. Peters to the Church of San Lorenzo.
